### **C-G General Commercial Zoning District**

The C-G General Commercial Zoning District is intended to provide for a heterogeneous mix of retail, personal service, office, and residential uses within and along Knoxville's commercial nodes and corridors. The C-G District is intended to promote mixed-use development in a pedestrian-oriented environment that recalls the City's traditional business districts, and offers flexibility in the creation of integrated commercial, office and residential spaces. The C-G District is divided into three levels of intensity related to the overall form and design of the development; however, uses are the same across all levels. This zone is intended primarily for indoor commercial uses with limited exceptions per special use approval.
